

Star Crystal, formed in Ukraine in 2012 by Susanna Radimovskaya, the talented vocalist of the band, delivers a high-energy, larger-than-life sound inspired by the legends of 80's glam metal. With a theatrical stage presence and electrifying guitar solos, Star Crystal has quickly become one of the hottest acts in the modern glam metal scene.

Hailing from the birthplace of 80's glam metal, Star Crystal is dedicated to bringing the spirit of the genre to a new generation of fans. Under the leadership of Susanna Radimovskaya, the band's powerful vocals, driving beats, and fist-pumping anthems have won over audiences at venues across the country, earning them the respect of fans and fellow musicians alike.

Star Crystal has also embarked on successful tours throughout Europe, including performances in Slovenia, Sweden, Switzerland, Germany, Austria, Romania, Bulgaria, Hungary, Croatia, and Italy. At 2023 Star Crystal played at MetalDays a large metal fest in Slovenia.
